COLUMBIA VALLEY

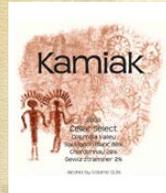

WINEMAKER'S COMMENTS

Aromas of apricot and peach, combined with a bit of citrus waft from the swirling glass. The palate experiences the crispness of a freshly picked apple and a bit of melon. A spicy note can be attributed to the Gewürztraminer, as well as the hint of sweetness. This wine is reminiscent of the proprietary blend known as "Spiceling" that was produced years ago by Gordon Brothers. This wine is quite versatile and will pair with everything from appetizers to shellfish and poultry dishes. Try it with a fresh baked apple pie.
