## 2007 Kamiak Rock Lake Red

COLUMBIA VALLEY

### WINEMAKER'S COMMENTS

The 2007 Kamiak Red is a harmonious blend of four different grapes, with each varietal contributing something special. Cabernet Sauvignon is the core of the wine, providing the framework on which the other grapes play their roles. Merlot adds sophistication by providing bright aromatics and notes of juiciness on the palate. Malbec wins the best supporting actor award by top noting the wine with floral aromatics and a hint of black pepper. Syrah brings darker berry notes and a sense of weight to the wine; the underlying current that ties everything together. With these players all contributing to a layered and succulent wine, Kamiak Red is at home in any social gathering from picnics to a formal holiday get-together.
