- **Alcohol:** 13.2%
- **Production:** 1,800 cases

### VINTAGE

We would describe the 2014 growing season as hot and uneventful, just the way we like it. The year started with a mild late winter rolling into a pleasant warm spring with very few frost events. Bud break occurred about the 10th of April, a little early but not unusual, and from there we were off to the races. Heat built quickly with a much warmer than average late spring and stayed hot into mid-September. This set us up to declare 2014 the hottest vintage in our 30+ years farming along the Snake River.

### WINEMAKER COMMENTS

Fermented solely in stainless steel tanks our Rosé is a beautiful Pale Salmon color. A fresh floral aroma with hints of kiwi and strawberry is followed by a bright and lively palate with notes of Water-melon, blood orange and a hint of strawberry round out this perfect patio sipper.

### PAIRING SUGGESTIONS

Spicy Thai, grilled salmon, scallops.
